Exemplar PSHE / Relationships Education Lesson Summary
Unit: Relationships
Lesson: Enjoying Time With Others
Phase: Primary
Developmental Stage: Pre-Formal

What will learners learn?
Learners will learn:

- Participate in shared activities with familiar adults and peers
- Develop joint attention and interaction skills
- Experience positive social connections
- Communicate enjoyment and preferences

Learning activities

- Turn-taking games
- Shared sensory activities
- Music and movement with peers
- Interactive stories
- Choosing who to engage with during activities

What might success look like?
A learner may:

- Look towards another person
- Join in a shared game
- Wait briefly for a turn
- Show anticipation during a social interaction
- Communicate a preference for a particular partner or activity

Why is this lesson important?
Positive interactions form the foundation for friendship, communication and future relationship learning.
